

Seeking RAW data images and geographical coordinates of subjects in images on the planet Mars as featured in the television video production, 'UFO DIARIES 3: The Earth Mars Connection episode and NASA episode(1995) '.

(See attached uploaded screen shots of images requested.)

According to, Charles E. Sellier Jr. founder and president of Grizzly Adams Productions, Inc., the producer of said UFO Diaries, has stated in a recorded broadcast interview with applicant hereto, Gary Leggiere, that those particular images were provided by program talent, *Richard C. Hoagland*, who obtained them from NASA.

One of the images used in UFO Diaries is the widely publicized, 'Face on Mars', while other images in the television program are similar, but not of the same subject surface feature, and therefore have different geographical coordinates.

These requested images must have been captured from missions to Mars, prior to 1996.
